FITCHBURG GAS AND ELECTRIC LIGHT COMPANY

RESIDENTIAL ASSISTANCE ADJUSTMENT CLAUSE

SCHEDULE RAAC

1.01 Purpose

The purpose of the Residential Assistance Adjustment Clause ("RAAC") is to provide Fitchburg Gas and Electric Light Company (the "Company") a mechanism for the recovery of lost revenue, on an annual basis and subject to the jurisdiction of the Department of Telecommunications and Energy (the "Department"), based on the increase of residential assistance customers enrolled in the Company's discounted rate (Rate RD-2) as a result of a computer matching program with the Massachusetts Executive Office of Health and Human Services, as described in the Department's D.T.E. 01-106 order, as well as through traditional outreach programs. On and after July 1, 2005, any amount of low-income discount in excess of the Baseline Revenue, as defined below, will be eligible for recovery through the RAAC. In accordance with the Department's D.T.E. 05-86 order, the RAAC shall also include incremental costs directly related to the Company's approved Arrearage Management Program.

1.02 Applicability

The RAAC shall be applicable to all Customers unless otherwise designated. For billing purposes, the RAAC shall be included in the Distribution Charge.

1.03 Effective Date of Annual Adjustment Factor

The Residential Assistance Adjustment Factor ("RAAF") shall be effective on the first day of each calendar year, unless otherwise ordered by the Department.

1.04 Definitions

The following terms shall be used in this tariff as defined in this section, unless the context requires otherwise.

- (1) "Baseline Revenue" is the difference between the base rate revenues that would have been collected from customers receiving the low-income discount for the twelve months ending June 30, 2005, had no low-income discount existed and the actual base rate revenues collected from low-income customers for the twelve months ending June 30, 2005.
- (2) "Distribution Company" or "Company" is Fitchburg Gas and Electric Light Company.
- (3) "Prior Year" is the twelve-month period immediately prior to the effective date of a proposed RAAF.

$$RAAF_x = [(RA_x) + (Cust_x(DCust\$_x) + Use_x(DUse\$_x) - BR) + AMP + I_x] / FUse_x$$

- $RAAF_x$ = The annual Residential Assistance Adjustment Factor.
- RA_x = The Reconciliation Adjustment for Year_x shall be the amount of over/under collection from the end of the Prior Year. Reconciliations shall be performed monthly and shall be based on revenue calculations for the actual customers participating in the Company's discounted rate and those customers' actual monthly usage as recorded in the Company's billing data base. The Reconciliation Adjustment for Year_x shall also include actual costs incurred as a result of the Company's Arrearage Management Program. Interest shall be calculated on the average monthly balance using the prime rate computed in accordance with 220 C.M.R. § 6.08(2) and added to each end-of-month balance.
- $Cust_x$ = The estimated number of customers participating in the Company's discounted rate (Rate RD-2).
- Use_x = The estimated kWh usage of customers participating in the Company's discounted rate (Rate RD-2).
- $DCust\$_x$ = The difference between the non-discounted and discounted customer charge for the applicable rates.
- $DUse\$_x$ = The difference between the non-discounted and discounted kWh base distribution charges for the applicable rates.
- BR = The Baseline Revenue is \$366,962.
- AMP = The incremental costs directly related to the Company's approved Arrearage Management Program.
- I_x = The estimated interest in the forecast period.
- $FUse_x$ = The estimated kWh in the forecast period.

In the event that the Company's total low-income discount in a given year is below the Baseline Revenue, no refund of any Baseline Revenue will be due to ratepayers.

1.06 Information Required to be Filed with the Department

Information pertaining to the RAAC shall be filed with the Department at least thirty (30) days before the date on which a new RAAF is to be effective, in conjunction with the Company's annual transition charge reconciliation filings. This information shall be submitted with each annual RAAF filing, along with complete documentation of the reconciliation-adjustment calculations.
